

How can High Peaks Hospice help your family?

Being a caregiver can be overwhelming.

A terminal illness diagnosis changes the course of a family's life. High Peaks Hospice is here to make the experience easier.

We can provide support to you and your family as you come to terms with the emotions of a new reality. We provide a team of nurses, aides, social workers, volunteers, bereavement and spiritual services. Let us do the work so you can focus on your relationships and your quality of life.

**Hospice care
is a blessing.**

Our nurses can manage medications and provide comfort to your loved one, our volunteers can help out around the house and provide companionship, our bereavement counselor can provide an outlet for your grief, and our spiritual advisor can help when your faith is in doubt.
