

Become a member of our Hospice Team!

Are you a compassionate, caring individual who wants to make a real difference in people's lives?

High Peaks Hospice has an immediate opening for a **full-time RN Case Manager** in our Southern clinical office serving Warren and Washington counties of New York. Our outstanding professional team members strive to achieve our mission of providing end of life care that listens with respect, cares with compassion, supports with choice and comforts with understanding wherever the patient calls home. It is our patient's journey that matters to each of us.

In addition to excellent verbal/written communication, the candidate will demonstrate experience in developing and maintaining rapport with patients, families and medical providers within both the hospital and private homes. Must have the ability to work well with an interdisciplinary team and hospital staff.

This is a full-time position that includes a generous benefit package including: Mileage reimbursement, paid sick and vacation time, and 11 paid holidays!

Responsibilities and Duties

Provide direct nursing care to patients in order to maintain the highest level of comfort and quality of life. Assist in directing and coordinating the physical care of the patient including providing medication, diet and other instructions as ordered by the Physician, Primary Care Nurse, and Clinical Manager during telephone contacts, home, or hospital visits.

Responsible for identifying and coordinating patient/family care to support terminally ill patients and families in home, skilled nursing facility or residential care facility.

Apply appropriate preventative and therapeutic nursing procedures and techniques and maintains communication regarding patient care with the physician and supervisory personnel within the hospital

Complete, maintain and submit accurate and relevant clinical notes regarding patient's condition and care given

Arrange for equipment and materials needed from community resources. Use supplies and equipment effectively and efficiently

Teach the patient/family/caregiver self-care techniques as appropriate

Work in conjunction with the other Hospice interdisciplinary team members and hospital staff.
